

What Happens When You Talk About A Topic So Controversial It Can Destroy Your Career? . . .

Now you can discover:

- How and why the UFO coverup started
- Real encounters from everyday people
- The latest scientific theories that might help explain this enigmatic phenomena

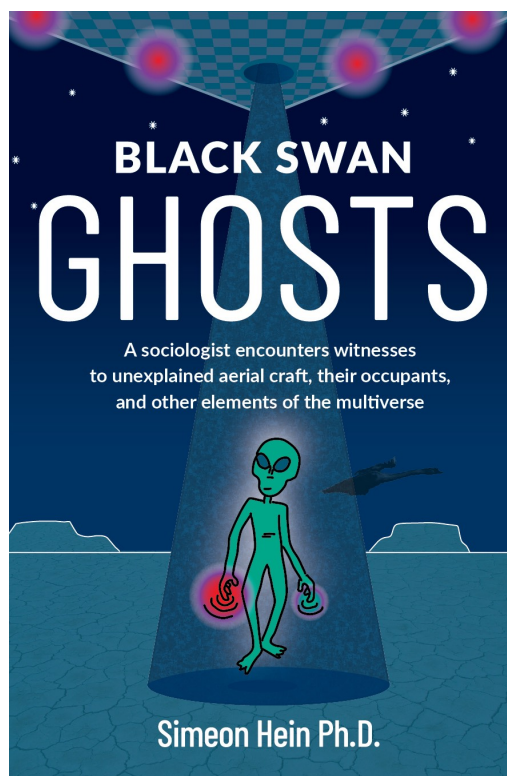

“I couldn’t put it down—excellent material.” Colin Andrews, author of *Crop Circles: Signs of Contact*

“Dr. Hein’s book is riveting. I read it in one sitting—I couldn’t put it down. Not only does it discuss valid proof of the UFO or UAV phenomenon but how the systematic denial of such proof is eroding our individual psyches and social values. Dr. Hein asks the important” Teri, Life coach and nutritionist, Salt Lake City

“Outstanding. A five star read! Need proof of aliens and their craft? Then I recommend this book!” Amazon.com Reviewer

“This book is jam packed full of fascinating stories from ordinary people. These stories open up the conversation about other realities that is rarely discussed. If you’re at all interested in unidentified flying objects or any unexplained phenomenon, this book is for you. of them?” Susan, NYC
